FEATURE CAR

1969 Dodge Charger

David and Marcia Golla

My 1969 Charger was a gift from my wife for my 50th Birthday. I was completely surprised. It was rough at the beginning. It had a 1969 318. I really wanted a 440 6 pack. I started looking right away. I was able to find the 440 in Plymouth, Ohio. A guy that lived in the town where a lot of the Plymouth engines were made had recovered it from the warehouses that still stood. I had the engine put in the car with the help of my friend who is a Mopar enthusiast. The engine came alive and it was then time to paint the car. My wife gave me the car in racing primer. She knew I would like Blue but not what shade of blue. I decided on 2019 Dodge Indigo blue. While I was waiting for my spot in the paint bay my wife was turning 50 and she wanted a 1968 Pontiac Firebird. She had at one point requested that I put Pink Pin-stripes on the Charger until I painted the car the final Blue Color. When she was doing research on the 1968 Firebird, she found out that it was available in Pink in the Spring 1968 collection. I decided to paint the Firebird I had found her Pink Mist and give up my spot in the paint bay. It took me 2 more years to get my car painted. The car is a real eye catcher and when we park both cars together, they both complement each other.

David and Marcia

Waukesha Old Car Club Meeting Highlights

August 11, 2025

The meeting was called to order at 7:30 by President, Ron Herman with 37 members present

The meeting began with the Pledge of Allegiance. The Officers and Board Members were introduced

Presidents Report:

- Ron began the meeting by asking for a moment of silence for Dale and Becky Schneider who were tragically killed in a car accident.
- As everyone is well aware of the Annual Frame Park Show was cancelled due to the heavy rain that fell the Saturday night before the show. A group of club members arrived early and walked the grounds and determined it would be too risky to drive on the soft ground. The club will be looking into what expenses can be recovered due to the cancellation. The expected losses will be the permits, park fees etc. The t-shirts and trophies can be used next year as they have no date on them.

Vice Presidents Report:

- No report

Secretary's Report:

- Marcia Golla read the minutes from the July meeting. The report was accepted as presented.

Treasurer's Report:

- Ron gave a Treasurer's report for the month of July. The report was accepted as presented.

Sunshine Committee

- Judy Sodemann said that the club will be sending a card and flowers for Dale and Becky's funeral once more details are made available.

New Business

- Waukesha Airport has 'Food Truck Friday', if you bring your old car you can park on the grass and view the planes. There will be different food trucks each Friday. If you are interested in going contact Marcia Golla. At the December meeting the club will be voting for the positions of Treasurer and Vice President and 2 board members. If you are interested filling one of these positions contact any board member or officer.

Old Business

- Bob Merner is always looking for member's cars to be featured in the newsletter. If you are interested contact Bob @ romer512@gmail.com

Waukesha Old Car Club Meeting Highlights

September 8, 2025

The meeting was called to order at 7:35 by President, Ron Herman with 26 members and 2 guests present

The meeting began with the Pledge of Allegiance. The Officers and Board Members were introduced.

Ron introduced Ed and George from the Commemorative Airforce, Waukesha Branch. They are planning an event at the Waukesha County Airport in August 2026 that is called Wheels and Wings. They are inviting the WOCC to work with them in organizing the event that would include cars military equipment and planes. After their presentation the members had an open discussion on the topic. The Board members will discuss and evaluate over the next couple of months before making a decision on whether to participate as it may conflict with the Car Show at Frame Park.

Presidents Report:

- Ron said that the Board discussed that because the Car Show scheduled for August 10th was cancelled due to the heavy rain, the member dues for everyone will be \$20 next year. This is in consideration that many members use the car show to work their 4 hours for the club to receive their 50% discount.
- Ron talked about prior to the new Treasurer taking over, he is looking at reviewing the 40 plus years of records that have accumulated to see what can be disposed of and what needs to be kept.

Vice Presidents Report:

- Steve is looking for sponsors for the Spark and Sputter. He is looking for ideas for club activities

Secretary's Report:

- Marcia Golla read the minutes from the August meeting, the report was accepted .

Treasurer's Report:

- Ron gave a Treasurer's report for the month of August. The report was accepted.

Sunshine Committee

- Judy Sodemann said the club received a thank you card from the Schnieder family for the card and flowers.

Appreciation Dinner

- Tentatively the club is looking at March 14, 2026 as a date for the dinner. Hopefully it will be at the same location as last year, and hopefully the costs to the members will remain the same.

New Business

- At the December meeting the club will be voting for the positions of Treasurer and Vice President and 2 board members. If you are interested filling one of these positions contact any board member or officer. Lynn Wagner has expressed interest in running for Treasurer. A motion was made and seconded to appoint Lynn temporary Treasurer until the December election.

Old Business

- Bob Merner is always looking for member’s cars to be featured in the newsletter. If you are interested contact Bob @ romer512@gmail.com

Ford Mustang, Serial #5F08F100001

Taken from article from the Detroit Free Press
September 23, 2019

Harry Phillips accidentally sold and possibly saved the 1st Ford Mustang ever built

It was a preproduction car to be for showroom display only, before sales began March 17, 1964.

Ford intended for all the preproduction cars to be shipped back to Dearborn to be scrapped.

However, That memo didn't get to the sales team at George G.R. Parsons Ford in St. John's, Newfoundland, Canada.

The first car built, a convertible with vehicle identification number ,#5F08F100001 was shipped to St. John's, Newfoundland, Canada because it took longer to get to there from the Rouge assembly plant in Dearborn than to any other dealership, and Ford wanted every dealership to have a display model when sales began.

The dealership had the car on display on the outside lot close to the street where everybody could see it. That is when airline pilot Capt. Stanley Tucker walked through the showroom door and met salesman, Harry Phillips. Harry Phillips said "It was probably the easiest sale I ever made in my life." I just happened to be standing by the door when Capt. Tucker walked in and said "I want that car.". Capt. Tucker bought Mustang No. 001, even though sales wouldn't begin for a couple of days, Tucker agreed that the dealership could display the car for a couple more weeks to attract customers. He would come in every day to look at it, and make sure nobody was kicking the tires.

It was months before anybody at Ford Headquarters in Dearborn knew Mustang No. 001 had been sold.

Ford called our sales manager and said that they wanted the car back, Phillips said. "He told them, 'We can't do that, You will have to talk to the fella who bought it. We didn't realize it was the first one made. We didn't realize the significance of the car until Ford came looking for it. Mustang No. 001 didn't mean much to Ford when it was shipped to Newfoundland, but its significance grew as the Mustang became a sensation.

It took Ford two years to talk Capt. Tucker into trading the #001 for the 1 millionth Mustang built, it was a fully loaded '66 convertible.

The car No 001 has been on display at the Henry Ford Museum since 1966, leaving only for special events like the Mustang's 50th anniversary and production celebration of the 10 millionth Mustang.

The second Mustang built, a hardtop went to a dealership in the Yukon. It sold at auction for \$175,000. Only one other preproduction, 1965 Mustang, is known to have survived.
